

THE DISABILITY CONFIDENT SCHEME

The [Disability Confident Scheme](#) supports employers to make the most of the talents that disabled people can bring to a workplace - and since the scheme was launched, over 20,000 organisations have signed up.

Disability Confident organisations play a leading role in changing attitudes for the better. They're changing behaviour and cultures in their own businesses, networks and communities, and reaping the benefits of inclusive recruitment practices.

The scheme helps employers recruit and retain great people, as well as:

- draw from the widest possible pool of talent
- secure high quality staff who are skilled, loyal and hard working
- improve employee morale and commitment by demonstrating that you treat all employees fairly
- helps customers and other businesses identify those employers who are committed to equality in the workplace

The scheme helps businesses think differently about disability, and improve how they attract, recruit and retain disabled workers.
